FP-056A
(Rev. 1.26.2015)

The Commonwealth of Massachusetts
Department of Fire Services

527 CMR 1.00
Section 11.5.1.10.10.1
Form 1A

Certificate of Compliance
M.G.L. Chapter 148, Section 38J

City or Town: _____

Street Name & Number: _____

Name of Property Owner: _____

This certifies that a visual inspection of the fuel supply line(s) for the aboveground heating oil storage tank was completed in accordance with M.G.L. Chapter 148, Section 38J (d) for the residential property identified above, and the following equipment was observed:

- ☐ Each fuel supply/return line is enclosed with a continuous non-metallic sleeve
- ☐ Each fuel supply/return line is equipped with an oil safety valve
- ☐ Each fuel supply/return line is not in direct contact with concrete, earth or any floor surface. No oil safety valve or continuous non-metallic sleeve is required.
- ☐ Burner is located above the fuel storage tank and the entire fuel line is connected to, and above the top of the tank. No oil safety valve or continuous non-metallic sleeve is required.

This visual inspection and certification of compliance was completed on:

Date: _____

By: (Signature of Oil Burner Technician) _____

(Print Name of Oil Burner Technician) _____

Certificate of Competency #: _____

Upon completion of Form 1A, the property owner shall receive a copy of the form and a copy shall also be submitted to the head of the local fire department or a designee.

This form can be photocopied or reproduced in triplicate.
